

NEVER IMITATED QUALITY

THE EXCELLENCE OF SYRUP OF FIGS is due not only to the originality and simplicity of the combination, but also to the care and skill with which it is manufactured by scientific processes known to the California Fig Syrup Co. only, and we wish to impress upon all the importance of purchasing the true and original remedy. As the genuine Syrup of Figs is manufactured by the California Fig Syrup Co. only, a knowledge of that fact will assist one in avoiding the worthless imitations manufactured by other parties. The high standing of the California Fig Syrup Co. with the medical profession, and the satisfaction which the genuine Syrup of Figs has given to millions of families, make the name of the Company a guarantee of the excellence of its remedy. It is far in advance of all other laxatives, as it acts on the kidneys, liver and bowels without irritating or weakening them, and it does not gripe nor nauseate. In order to get its beneficial effects, please remember the name of the Company—

W. J. SEITZ.

Nominated For Congress in the Tenth.

The Republicans of the Tenth Congressional district met in convention at Paintsville Wednesday. A number of nominations were made, but the race finally narrowed down between Jeff Prather, of Magoffin county, and W. J. Seitz, of Morgan. On the 19th ballot Seitz was nominated.

Seitz moved to West Liberty a few years ago from Ironton, Ohio, and has been a candidate for Congress ever since. He was formerly a traveling salesman for an Ironton hardware house.

Mr. R. T. Burns recently brought to our office some exceedingly fine specimens of Irish potatoes grown by Dr. J. F. Hatten, of Buchanan. Mr. Burns says he now surrenders the belt to Dr. Hatten upon everything that grows out of the ground except oats.

A report from Santiago says that "T" Scags was shot through the chest. That is a vital part in the make-up, and unless his spirits were very low at the time, it doubtless proved to be a very painful wound. It will hardly result fatally, however.

Grayson Tribune.—The Institute convened at Olive Hill Monday morning with about one hundred teachers in attendance. Professors G. M. Elam, of Lawrence county, and Geo. W. Chapman, of Denton, are the instructors and are conducting the session in a highly satisfactory manner.

The dwelling occupied by Frank Johnson about four miles from this place was burned last Sunday. The family had been away from home since the morning of the day before and the house was closed. The origin of the fire is therefore a mystery. But very little of the contents were saved.

John Mathias, a well known stock dealer of Pulaski, Ky., says: "After suffering for over a week with flux, and my physicians having failed to relieve me, I was advised to try Chamberlain's colic, cholera and diarrhea remedy, and have the pleasure of stating that half of one bottle cured me. "For sale by A. M. Hughes.

In the roster of Capt. A. H. Stewart's company of volunteers, composed chiefly of men from Pike and Floyd counties, we notice the names of four Lawrence county men. They are Roscoe Childers of Gallup, Martin Porter, of Charley, Jefferson Vanhoose and Wallace J. Williamson, of Peach Orchard.

The State College of Kentucky, at Lexington, continues to raise its standing among good schools of the country, making perceptible strides in this direction every year. It is already one of the best schools in the west. Kentucky people will act wisely in patronizing this college. Your sons and daughters will be able to make as great progress there as anywhere else. It is a state institution and one in which we should all feel a pride. Encouragement in the way of patronage is all it needs to insure its continued progress. The buildings and equipments are magnificent and up-to-date. Full agricultural, mechanical and scientific courses are given at this school.

About one month ago my child, which is fifteen months old, had an attack of diarrhoea accompanied by vomiting. I gave it such remedies as are usually given in such cases, but as nothing gave relief, we sent for a physician and it was under his care for a week. At this time the child had been sick about ten days and was having about twenty-five operations of the bowels every 21 hours, and we were convinced that unless it soon obtained relief it would not live. Chamberlain's colic, cholera and diarrhoea remedy was recommended, and I decided to try it. I soon noticed a change for the better; by its continued use a complete cure was brought about and it is now perfectly healthy.—C. L. Boggs, Smithsboro, Gilmer county, West Virginia. For sale by A. M. Hughes.

REMARKABLE

Record of an Aged Woman, Mrs. Wellman.

Mrs. Nancy Wellman died at the home of her son Clabe Wellman, near Cassville, last Saturday. She was in her 96th year. Mrs. S. F. Reynolds, of this place, is one of her daughters. Mrs. Wellman's history is one of the most remarkable we have ever known. She was the mother of sixteen children, eleven of whom lived to be married. She had 88 grandchildren, 192 great-grandchildren and 31 great-great-grandchildren. She also raised nine orphan children. She was married at the age of nineteen to James Wellman, who died a few years ago. Her parents were James and Sarah Wilson. Charles Wilson, who died at this place not long since, at the age of 96, was a brother of Mrs. Wellman. Within the past two months a son and daughter of Mrs. Wellman have died of old age, each of them being over 70 years old.

The above figures refer only to the living grandchildren and are probably too small, as they were counted by one of Mrs. Wellman's daughters who was doubtful about being able to enumerate all the descendants. The entire number of great-grandchildren would doubtless be considerably above 300.

In the list of wounded reported from Santiago by Gen. Shafter we notice the names of N. B. Arnett, C. T. Vaughan and Boardman of this place. Arnett received a slight wound in the hand, Vaughan sustained a flesh wound in the thigh and Boardman was probably fatally shot through the body.

TO DEMOCRATS.

In the matter of the election of delegates to attend the county convention to be held at Louisa on August 8, it is suggested that the district conventions should select one delegate for each vote to which the precinct is entitled, and one alternate for each vote. Also select as delegates only such men as will attend the county convention. If this rule is followed it will prevent much confusion and give a uniformity that will simplify the work of the convention.

MEN WANTED.

We want ten to fifteen able-bodied married men—only those who have small families—to work at our timber job on Guyan river, 14 miles from Logan, W. Va., on train that hauls logs with engine.

We will have work 3 or 4 years and will assist good persons in moving.

For further particulars write us at Logan, W. Va. We will pay 75 cents to 1.25 per day.

Resolutions of Respect

From Thomas C. Cecil Lodge No. 375 Upon the Death of W. H. Connolly.

Whereas it has pleased Almighty God, our Heavenly Grand Master, to call Bro. Wm. Harrison Connolly from his earthly labors to his reward on high.

Therefore be it resolved, That in the death of Bro. W. H. Connolly this lodge loses a worthy member and brother. His genial presence and ways has won and retained for him our confidence and esteem.

The fraternity has lost a good member and his family a kind and affectionate husband and father.

That we wish his family and friends to know that he is missed in our lodge, and as time passes his memory will sink deeper in our hearts when we see his vacant chair.

That we extend to the bereaved family our heartfelt sympathy in this their sad hour.

That these resolutions be adopted and spread upon the regular record book of the Lodge, a copy furnished the bereaved family, also the Big Sandy News, Pike County Journal, Southern West Virginian and Paintsville Commercial with request to publish same.

The public school teachers of this county will be interested in knowing that the per capita for school children this year will be \$2.30, 10 cents more than last year. This increase is caused from the increase in revenue laws.

The new Prison Commission at Frankfort met last Friday and elected officers for the state prisons. Frank Johnson, of this place, was appointed a guard at the Frankfort penitentiary. He will make an efficient officer and we are glad of his appointment.

Death Of Millard Kitchen.

A letter from Charles Clatts, of Ironton, has the following to say of the death of a Lawrence county boy:

"One boy died on the ship. His name was Millard Kitchen, of Lawrence county, near Louisa. He just came from the hospital at Tampa heights the Sunday afternoon we left camp and was not in condition to go, but they made him go. He died Tuesday 28th, and was buried Wednesday afternoon at 4 o'clock.

"I was one of the 8 that fired 3 volleys over his grave. As we fired the last volley he was thrown overboard. If he had had attention on board the ship he might have gotten well. He had a relapse from the measles. He belonged to Company F, 2nd Reg. U. S. I."

Remember that next Sunday is Mothers' day at the Sunday School, M. E. Church, South. I trust every mother accompanied by the father will be present. I want all the children who attend that school to be present by 9:15 a. m. I expect them to see and hear something interesting.

A Canoe Trip Tohrough the Pak Region.

The Lake Park Region of Minnesota is noted as being one of unusual attractiveness. There are thousands of lakes, good fishing, rolling and timbered prairie country, ducks and prairie chickens, wild flowers and good roads. An article with the above heading describes a boat trip from Detroit Lake through a long chain of beautiful lakes connected by a little river, into the heart of the Park country. The party had a guide, lived in tents, and, although surrounded by civilization, seemed at times to be in the midst of solitude. The possibilities in an outing of say two weeks, are brought to the attention of those whose desires lead them to indulge in out of door life at moderate expense.

Wonderland '98, published by the Northern Pacific Railway, in which this article is printed, will be sent to any address by Chas. B. Fox, Gen'l Passenger Agent, St. Paul, Minn., upon receipt of 6 cents.

three years wells have been sunk on the principal creek in the county, but more attention is being directed to the John's creek, Buffalo creek and Huey's wells. At the latter place more than twenty wells have been sunk within a radius of a mile and monster tanks built for holding the crude oil. It is believed that preparations for piping the oil to refineries will begin shortly.
